Technology and Online Services

Dear Parents/Guardians,

Our school provides access to Department of Education online services. These enhance the contemporary learning opportunities available to students and the range of teaching tools available to staff to deliver the Western Australian Curriculum. We are seeking approval for your child to be given access to these online services.

The Department's online services currently provide students with access to:

- individual email and calendar accounts.
- the internet, with all reasonable care taken by central office and schools to monitor and control students' access to websites while at school.
- online teaching and learning services such as Connect, web-conferencing and digital resources.
- online file storage and sharing services; and
- these online services at locations other than school.

The online booklets require you to give consent or no consent to applications used at Kelmscott SHS. You will be given a brief description on each of these applications to help you make a valid decision for your child.

If you agree to your child using these online services, please supply details below so we are able to send you links to all Third-Party Application Online Booklets which need to be filled out. Without your consent your child will not be able to access any school network devices nor have a network account.
